
COVID - 19 Workforce Collection - Week ending 07/08/2020

Thank you for taking the time to complete this survey. If you would like to see **an overview of the questions** before completing the survey online, you can access a PDF here: [Covid 19 workforce collection - week ending 21 August 2020](#)

You can navigate through the questions using the buttons at the bottom of each page.

If you stop before completing the return, you can come back to this page using the link supplied in the email and you will be able to continue where you left off.

All responses will be treated confidentially. In order that councils do not get multiple requests for such data, the Local Government Association will share the data provided by you in this survey in confidence with the following organisations:

- Other councils (including in LG Inform, via sign-in)
- Regional employers' organisations
- Welsh Local Government Association
- Northern Ireland Local Government Association
- Relevant government departments
- Welsh Government
- Northern Ireland Assembly
- All local resilience fora (LRFs) - through the medium of the LRF dashboard
- Bain and Company (purely for the purpose of updating the LRF dashboard)

Any information that is published or shared outside of that arrangement will be aggregated, and no authority will be identified without your consent. The information used within the LGA will be held and processed in accordance with our [privacy statement](#); and we will not share it with the organisations listed above unless we have ensured they have the right controls in place to use your information responsibly and only for the reasons for which we have given permission. We are undertaking this survey in line with the legitimate interests of the LGA in supporting and representing authorities. It will also:

- allow you to compare key data with other authorities
- minimise the number of data requests you respond to from other organisations
- assist in recovery planning, workforce testing and risk profiling, and
- help the LGA evidence our government asks for support and resources.

If you have any queries or problems, please contact research@local.gov.uk.

Please select the status of the services to the show if there are enough of the right staff to run the service normally or not (at the current level of demand).

This is to allow us to understand whether staff capacity (including redeployed staff) is enough to run the service. It will give us a feel of the pressure points for some of the highest profile service areas.

Looking ahead

Over the next few fortnights we shall be asking questions to help us understand the issues where councils may need some guidance and support. These questions will not be asked every fortnight; but we are aware that plans are at an early stage and may change, so we will ask them on a couple of occasions. This will allow you to change your answer if your plans have developed or decisions have changed.

We have heard from some councils that there are significant difficulties recruiting for certain posts.

Is your authority experiencing recruitment difficulties for some posts or not? *Difficulties may be in the form of a high number of staff vacancies for some posts, or a small number of vacancies that have a big impact.*
